| Important Questions | Answers | Why This Matters: |
|---|--|---|
| What is the overall deductible? | \$1,500 /person \$4,500 /family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .. |
| Are there services covered before you meet your deductible? | Yes, In-network preventive care, home health care, skilled nursing, hospice and prescription drugs. | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ |
| Are there other deductibles for specific services? | No | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan? | \$5,000 per person/ \$10,000 per family for medical expenses; for out-of-network providers \$7,350 per person/ \$14,700 family for medical and RX expenses combined. | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit? | Premiums, balance-billed charges, pre-authorization penalties, charges over maximum allowed amount, services plan doesn't cover, cost of brand name drug in excess of generic drug | Even though you pay these expenses, they don't count toward the out-of-pocket limit |
| Will you pay less if you use a network provider? | Yes. See www.anthem.com or call 1-877-380-0193 for a list of network providers. | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist? | No | You can see the specialist you choose without a referral . |

All [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
