

SW400 – Financial Analyst

Graduated in May of 2020 with a bachelor's degree in finance and currently pursuing a master's degree in information systems and operations management. Candidate has a passion for finance and would like to pursue a career in a related field. To start out, candidate is interested in becoming a financial analyst with the hope of eventually becoming a CFO. During the summer of 2018 and 2019, candidate interned at MDM Commercial shadowing and working hand-in-hand under the CFO. He learned about how an accounting department runs and gained an understanding of financial statements, forecasting, auditing internal documents. Through his master's program, candidate has learned about business analytics and business intelligence. Candidate excels at gathering, manipulating, and explaining large sets of data. Possesses a skillset in multiple business intelligence tools such as R, Python, SQL, and Microsoft Excel. Ideally, candidate would like to find a position that would allow him to utilize the skills and knowledge he has gained in both finance and ISOM.
