

SYNOVUS®

Synovus is – and always has been – a place where business is personal. While we have different names in different places, we are one company – Synovus. We have the strength of a major financial institution while maintaining the personal relationships you'd expect from your bank around the corner. From everyday banking to corporate services, Synovus is **the bank of here.**

Synovus began with a single act of kindness in 1888, and our passion for serving others has been growing ever since. Our roots run deep in all of the communities we serve, and we are committed to helping friends, neighbors, and customers alike achieve their goals.

Synovus is currently recruiting for this wonderful employment opportunity located at its **Columbus, GA** location:

Job Title: IT Audit Manager

Job Summary:

Under the direction of Manager, IT Audit, assists in planning and designing of audit programs, communicating results and performing major assurance and consulting activities for the organization. The incumbent is a more experienced auditor who possesses and has demonstrated a competent knowledge of accounting principles, auditing standards and techniques, laws and regulations governing the corporation's business and operations of the corporation's business entities. The incumbent works on complex projects and issues and uses professional knowledge and technical/advanced business concepts to develop approaches or resolve critical technical and/or business problems. The IT Audit Manager must have sufficient experience to perform audits independently with minimal direct supervision and may lead lower level personnel. The audit scopes will encompass financial and operational areas.

Required Knowledge, Skills, & Abilities:

- Minimum Education: Bachelor's Degree in Business Administration, Finance, Information Science or related discipline
- Minimum Experience: 4-6 years of job specific experience
- Required Knowledge, Skills, & Abilities:
 - Experience performing audits independently
 - Demonstrated knowledge of Information Technology, auditing standards, laws and regulations
 - Working knowledge of word processing and spreadsheet software programs
 - Excellent verbal and written communication skills
 - Comfortable working with various levels of client management, including members of senior and

executive management

■ Certification(s): Certified Information Systems Auditor (CISA) is required

■ **Preferred Knowledge, Skills, & Abilities:**

- Financial Services experience
